

# Dinosaur Research

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Dinosaur Assigned: \_\_\_\_\_

## Instructions

You will research your assigned dinosaur and answer the questions below. Use reliable sources such as books, museum websites, educational websites, or documentaries. At least one must be from a **video** and one must be from a **website**. Make sure to record where you found your information in **section 6** at the end. Your research will later be used to help you create a short informational video about your dinosaur.

## Section 1: Basic Dinosaur Facts

1. What does your dinosaur's name mean? (Many dinosaur names come from Greek or Latin.)

2. When did this dinosaur live?

Triassic Period     Jurassic Period     Cretaceous Period

3. Approximately how many millions of years ago did this dinosaur live?

4. Where in the world have fossils of this dinosaur been found?

## **Section 2: Physical Characteristics**

5. How big was it?
6. How much did it weigh?
7. What did it look like?
8. Did this dinosaur have any special features, such as horns or claws?

## **Section 3: Diet and Survival**

9. What did this dinosaur eat?  
 Herbivore (plants)     Carnivore (meat)     Omnivore (plants and animals)
10. What kinds of food would it likely have eaten?
11. How might this dinosaur have found or hunted its food?

## **Section 4: Habitat and Environment**

12. What type of environment did this dinosaur live in? (example: forests or deserts)
13. What was the climate like when this dinosaur lived?
14. What other dinosaurs or animals lived at the same time?
15. Is there anything else you can add?

### **Section 5: Interesting Facts**

16. What is one surprising or unusual fact about this dinosaur?

17. What do you think is the most interesting thing about this dinosaur?

### **Section 6: Sources**

List anywhere you found your information  
Answer #, title or website, author (if known), URL
